

WARRANTY

FG Products warrants for a period of 90 days from date of delivery, all products against defects in material, and for a period of one year against defects in workmanship.

This warranty is effective if the product is installed according to FG Products published installation instructions and used within its published use parameters.

FG Product's obligation to customer satisfaction under this warranty begins with repair, or at its option, replacement of any part under warranty.

FG Products further warrants that within the first 90 days of delivery, if every option to satisfy the customer's needs has been exhausted, the original purchase price will be refunded upon return of undamaged products and a full refund will be issued.

All returns for warranty purposes must be assigned a return authorization number prior to return of defective product and shipping must be prepaid by the distributor/customer to FG Products. FG Products retains final judgment that a product under warranty is in fact defective.

FG Products shall not be liable or responsible to supply or pay labor to replace any part found defective, nor shall it be liable for damages of any kind or nature to person, product, property, or other consequential damages.

FG Product's products are sold without any expressed or implied warranty except as set forth above.

No person is authorized to modify the preceding warranty in any manner whatsoever.
